Georgia VoteSafe Program. State law requires the public availability of voter lists, including names and addresses of registered voters. In 2009, the Georgia Legislature enacted a bill known as the VoteSafe program to provide for the confidentiality of residence addresses of certain registered voters who have been, or may be subject to acts of family violence or stalking or currently reside in a family violence shelter. For more information go to: www.sos.ga.gov/votesafe.

On-Line Voter Registration. Use the State of Georgia's Online Voter Registration System at https://registertovote.sos.ga.gov to register to vote, make changes to your current registration record, check if you are registered to vote, find out your polling place and directions and other information about state elected officials.
